**OVERVIEW**

A WARM  
WELCOME  
FROM **MAG**

Since 1973 MAG has been growing with Dubai and its race for excellence. A pioneer in the region, MAG holds prominent positions of leadership in real estate, contracting, engineering, industrial and commercial trading, freight services and the hospitality sector. The energy of innovation is what drives us forward, as we seek out the best solutions for urban living. At MAG we understand that creating successful developments requires us to project the future needs of our customers and the kind of communities they want to belong to. This is what inspires our work, and this is why at MAG we build more than luxury homes, we develop communities that you will want to belong to. At the heart of everything we do is the art of living well.

## A HIGH-CLASS HAVEN

Towering above the skyline of the new City of Arabia development, in Dubai, MAG 330 is a stylish arrangement of aesthetics and practicality, ensuring form and function go hand-in-hand. The architecture of the building reflects practicality in its sincerest, most beautiful form. With its distinctive L-shape main structure the project supports high-class living standards. MAG 330 was designed for maximum comfort and style with impeccable interiors, and a host of amenities including swimming pool and its very own health club. ## MASTER-PLAN

AT-A-GLANCE

The master plan for City of Arabia employs a fan-shaped layout. This mixed-use development will occupy more than 185 hectares of land, with the northern midpoint of the site along Emirates Road, giving residents quick access to iconic destinations within Dubai. With only 20 minutes to Dubai Mall, Burj Khalifa and the Museum of the Future, the site is also in close proximity to Dubai Int'l. Airport which is only 14km away.

City of Arabia was designed as a self-contained urban metropolis that can accommodate 34,000 residents, and will include shopping malls, retail, F&B outlets, as well as commercial and residential towers.
